Junior Consultant, Corporate and Financial Communications

Junior Consultant, Corporate and Financial Communications

Frankfurt

Opportunity

Join Brunswick in Frankfurt and help national and international clients navigate financial, crisis and corporate communications across Germany, Europe and globally.

Our work within corporate communications and financial advisory

Together with our offices in Berlin and Munich, we cover a full range of industry sectors and practices to help our clients navigate the interconnected worlds of finance, social, regulatory and government affairs.

We work with many of the world's largest companies in all sectors. We create expertly defined communications strategies that get to the heart of specific opportunities and challenges faced by corporates around the world. We have counselled corporations on protecting and enhancing their reputations over the long term and have supported them through many of the most critical junctures in their history, including mergers and acquisitions, hostile defences, IPOs, capital raisings, leadership changes, governance matters, crisis, and responses to activist shareholders.

We understand the challenges of communicating in a highly regulated, heavily scrutinized and often volatile environment. Successfully communicating with all stakeholders, including the investment community, media, governments, regulators, employees, customers and society-at-large is a key component of creating trust and confidence.

Key Responsibilities

Junior consultants at Brunswick play an important role supporting account teams to ensure delivery of the high-quality work and advice that companies rely on our firm to provide.

They will have direct exposure to clients as they work as key support people to account drivers, delivering critical research projects, leading analysis and alerting internal teams and the client to key market issues that can impact their reputation, while also being central to driving account logistics. Like all colleagues at Brunswick, junior consultants have the opportunity to work across the full breadth of Brunswick's service offering – from corporate transactions to corporate reputation and public affairs.
