

CORPORATE FINANCE UNLIMITED 2020

Join us to feel the deal.

Discover the full extent of mergers and acquisitions with BCG—from the initial idea to closing the deal. Based on a real BCG project, you will gain insights into a live transaction and be given the opportunity to apply your knowledge in a broader corporate finance context.

Together with BCG consultants working in Corporate Finance & Strategy, Private Equity and the Transaction Center, as well as 60 students from top European universities, you will analyze the strategic rationale of the deal, assess the target company, quantify the potential synergies, and structure the execution of the transaction.

Are you studying finance, economics, business, or similarly quantitative subjects? Do you have an affinity for either corporate finance, strategy or private equity, demonstrated through studies or extracurricular activities? Apply to join us in a French château for the 11th edition of our Corporate Finance Unlimited workshop, from March 12 to 14. Enhance your problem-solving and presentation skills, receive invaluable tips from our experienced consultants, and have all your questions answered.
