at CSL

Promising  
**FUTURES**

CSL is a global biotechnology leader which develops and delivers innovative medicines that save lives, protect public health and help people with life-threatening medical conditions live full lives.

## Our Purpose

Each day more than 27,000 employees around the globe come to work at CSL with a shared purpose: delivering on our promise. Whether they work in a laboratory, an office or one of our manufacturing sites, saving lives and protecting public health are at the center of everything we do.

## Our Values

Our Values guide us in creating sustainable value for our stakeholders.

### PATIENT FOCUS

We deliver on our promise to patients.

### INNOVATION

We turn innovative thinking into solutions.

### INTEGRITY

We walk the talk.

### COLLABORATION

We are stronger together.

### SUPERIOR PERFORMANCE

We take pride in our results.

# Promising FUTURES

## We Believe

Our people can enjoy Promising Futures where they fulfill their individual career aspirations and potential and are inspired by a purpose-driven company with a values-based culture. Our environment is collaborative, global and dynamic, which fosters innovation and motivates the best and brightest to succeed.

Our team results enable us to deliver on our promise to save lives and protect the health of people around the world. Our people drive CSL's superior performance. They are our greatest asset and we are committed to a workplace that is respectful of people's professional and personal lives.
